Who Is Tech Entrepreneur Peter Onwe?

Jason Wu

I thought I needed more funnels, more tech, more tools, turns out I needed less. This system showed me how to actually use what I already had and simplify. My earnings tripled in the first 2 months going 'faceless.' So far, I've generated over \$10,000 following this program. This is the biggest win for me.

Brenda Nova

I've known affiliate marketing for years and tried everything from ClickFunnels to expensive ad strategies. Nothing really clicked until I found this. The faceless email system just stripped out all the fluff and finally got me results for once. This is really a great deal for me because I've been looking for a way to support my husband since I'm a stay at home mum.

Eric Lawson

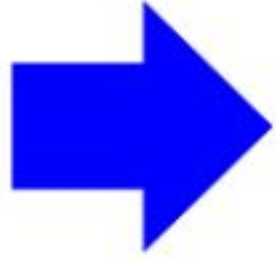

I had a list but wasn't making any money from it. I'd send emails and get zero response. Once I plugged in the 7 day email sequence from the Inbox Influence Machine and followed the faceless method, I made over \$290 in gross commission, and I got 50% of that. Note... this was just from one sequence. This gave life to everything I already knew.

- Hello ChatGPT. Act as a professional email writer and write me an email about a golf course called Golfing It Now.
- Golf It Now as stated earlier is a course, not a location. It does not have a clubhouse, stunning scenery, state of the art facilities, memberships and events. Rewrite it again, but remember **Tweak Frenzy** 🤯
- Okay that's better. Write it in a language that caters to one group of 50-60 year men looking to get started in golfing.
- The opening is a bit bland, make it **Tweak. Tweak. Panic.** 😓
- No. You rewrote the entire email. I just want a more exciting opening.
- No no. The opening of the email needs changing, the main email body, use the original one you had written before.
- Forget it. I'll adjust from above. Now use persuasive techniques so the reader acts now and buys the course.
- NO! You've changed the entire email again. KEEP the original opening, use the original persuasive closing statement that pushes them over the edge to buy the course. **FORGET ABOUT IT** 😡

🔔 Okay that's enough. I'm done. I'll copy and paste what you have provided so far and I'll do some editing myself. Thanks
