- Hello ChatGPT. Act as a professional email writer and write me an email about a golf course called Golfing It Now.
- Golf It Now as stated earlier is a course, not a location. It does not have a stunning scenery, state of the art facilities, memberships and events. Rewrite it again, but remember **Tweak Frenzy** 🤖
- Okay that's better. Write it in a language that caters to one group of 50-60 year men looking to get started in golfing.
- The opening is a bit bland, make **Tweak. Tweak. Panic.** 😓
- No. You rewrote the entire email. I just want a more exciting opening.
- No no. The opening of the email needs changing, the main email body, use the original one you had written before.
- Forget it. I'll adjust from above. Now use persuasive techniques so the reader acts now and buys the course.
- NO! You've changed the entire email again. KEEP the original persuasive closing statement that pushes them over the edge to buy the course. **FORGET ABOUT IT** 😡

🗨️ Okay that's enough. I'm done. I'll copy and paste what you have provided so far and I'll do some editing myself. Thanks

You're welcome! I'm glad I could assist you. If you need any more help or have further questions in the future, feel free to reach out. Good luck with your editing!
